Laminates™

Calais

Features

Calais's "limed," or white-filled, hickory visual is inspired by European styling and is excitingly versatile. It's perfect for the growing trend of combining traditional with modern—because the limed look has a vintage charm that makes a real statement in urban and contemporary settings. Of course, Calais works beautifully in traditional or transitional rooms, too.

Three colors range from dark charcoal to light honey-brown, with a warm, rich cognac in between. The white fill creates high contrast with these vibrant colors. And a low-gloss, smooth surface allows Calais's natural colors to show through, highlighting the grain for additional visual interest.

Colors

297 Champagne

550 Caviar

886 Truffle

Specifications

Style	HL324
Thickness	5/16" (8mm)
Length	47¹¹/₁₆"
Width	5⁷/₁₆"
Sq. Ft. per carton	25.19
Edge Description	Microbeveled

This Shaw Laminate is warranted not to stain or wear through, will not fade as a result of direct sunlight or artificial light and will resist water damage under normal use conditions for 25 years.

This product is made with OptiCore™ - Shaw's laminate coreboard that's strong, stable and moisture resistant.

This Shaw laminate is constructed using LocNPlace® technology, Shaw's single action glueless locking system which greatly enhances the speed and ease of installation while improving seam integrity.

This Shaw hardwood meets the GREENGUARD indoor air quality requirements and is GREENGUARD Children & Schools Certified.

This Shaw product can be installed above, on or below ground level.

This Shaw product is made in the USA.
