Features

Engineered hand-scraped maple in a wide plank.

It's a first for Epic — a 7"-wide format, for today's most on-trend hardwood look! Add hand scraping — grooved and chattered, with a great deal of character — and you have a stunning style in much-loved maple.

- Multi-step staining process — each color layer hand-rubbed — gives a rich, deep color saturation with beautiful variation within each plank.
- Lustrous satin finish — for a warm, elegant look.
- Offered in an array of colors — from light neutrals to rich, saturated tones.
- Stellar advantages of Epic with EnviroCore: harder-denser-greener, extremely eco-friendly, easy to install, breathtaking styles, and outstanding performance.
